## **WARRANTY ON SERVICES PERFORMED**

- These premises, having received a corrective or preventative treatment for subterranean termites, as described and diagramed on the attached “Structural Treatment Proposal/Contract” and “Diagram/Worksheet” in the manner and gallonages indicated, is guaranteed against further termite infestation and/or activity for the period of one (1) year from the date of completion of services. Should re-infestation or activity appear within the guarantee period, Termagon, when notified verbally or in writing by the holder of this guarantee, shall return to the premises; evaluate activity status; and render such services and material deemed, in good faith, necessary to terminate such activity with absolutely no cost to the holder of this guarantee.
- This guarantee may be renewed and extended on a year-to-year basis at the discretion of Termagon via the following procedure:
- Holder of guarantee shall notify Termagon, verbally or in writing, within 30 days prior to guarantee expiration, of their intent to renew on the next anniversary of the completed service. In the essence of time, Termagon shall return to the premises to visually inspect the structure under guarantee for any termite activity. Remedy for activity discovered at that time shall be completed only upon payment of renewal fee for the next annual period, which shall total no more than 15% of the original warranty cost, except as follows:
  - Additions or alternations to premises (such as pouring concrete slabs for add-on structures; plumbing installations, electrical work; et al) are not covered under this guarantee and shall nullify Termagon’s obligation to remedy areas affected by such activities. These areas/structures may be brought under guarantee at additional cost for service and material deemed necessary by Termagon, at Termagon’s option, to establish adequate protection against termite infestation/activity in additional areas. These areas should be addended to the original Worksheet, Diagrams and Proposals. The first term of guarantee for such services shall commence upon completion of the additional service and shall terminate upon the next anniversary of the completion of the original service; subsequent renewals shall be calculated in like manner as the original service and shall be due, therefore, upon service anniversaries as an integral constituent of the optional Yearly Guarantee Renewal.
- **RENEWAL GUARANTEE UPON NON-ANNIVERSARY DATES:**
  - At sole option of Termagon, service for termite activity/infestation to premises formerly under guarantee may be rendered under the terms of original guarantee upon renewal of guarantee and payment of a penalty fee equaling 100% of the renewal cost in addition to the renewal not paid for annual periods prior to re-occurrence of infestation.

**AT NO TIME SHALL ANY SERVICE OR MATERIALS BE RENDERED BY TERMAGON FOR ACCOUNTS WITH BALANCE DUE.**

**UNDER NO CIRCUMSTANCES WILL TERMAGON BE HELD RESPONSIBLE FOR DAMAGE DONE BY SUBTERRANEAN TERMITES AT TREATMENT PREMISES.**

**NO REPAIR WORK OF ANY KIND IS INCLUDED FOR TERMITE OR WATER DAMAGES.**
